

The Ennetsee Clinic for Small Animals in Hünenberg is a dynamic and well-equipped small animal clinic with over 90 employees. The clinic's services cover almost the entire spectrum of small animal medicine and small animal surgery. With this setup, the Ennetsee Clinic is now one of the largest private veterinary clinics in Switzerland.

To strengthen our team, we are looking for the next possible date for a

Specialist in Ophthalmology (ECVO / ACVO) 60% - 80%

immediately or by arrangement.

Your tasks:

- Running the ophthalmology consultation.
- As a specialist, you are responsible for challenging, complex and referred cases in your area of specialization
- Performing intraocular and extraocular operations
- You will help with the supervision and further training of residents, interns and our FVH candidates
- You are the contact person in your specialty for referring colleagues

We offer:

- An exciting and challenging working environment in a modern clinic with state-of-the-art infrastructure and a wide variety of specialties (www.ennetseeklinik.ch)
- Collaboration in an established and well-coordinated team
- Regulated working hours.
- Time recording system (overtime is fully compensated or remunerated)
- Regular internal training and further education in the form of rounds, journal or book club, etc.

Ihr Profil:

- Dipl. ECVO / ACVO
- Completed studies in veterinary medicine with a degree recognized in Switzerland.
- You have good language skills in German, at least language diploma B2
- Language skills in E / F / I an advantage
- You are motivated and are looking for a challenge in everyday clinical practice
- You work independently and responsibly.
- You are a team player and can work hand-in-hand with other employees
- Open to new ideas, eager to learn and motivated to further develop ophthalmology in the clinic and to contribute to the Swiss IVC Evidensia Group.

This location is part of IVC Evidensia, the largest veterinary group in Europe. Our employees benefit from numerous options for personal and professional development. We offer a wide range of further education and training courses as well as direct exchange with specialists.

Together, we want to shape the veterinary medicine of tomorrow: locally, in collaboration with other locations and in (inter)national specialist groups.

Have we piqued your interest?

Then we look forward to receiving your detailed application via our career portal, including your salary expectations and availability! We look forward to getting to know you personally!
