The current ophthalmology team includes an ECVO diplomate, a board-eligible resident and an ophthalmology intern. The ophthalmology case load is around 1000 cases for companion animals and 300 cases for horses per year.

As an intern, you will have the opportunity to contribute to the excellence of Veterinary Teaching Hospital:

You will:

- Participate in the clinical teaching of students and rotating interns, through provision of care and services meeting the different needs of the ophthalmology service;
- Evaluate student learning;
- Take care of the ophthalmology in-patients (horses and companion animals)

The following qualifications are necessary:

- Doctor of Veterinary Medicine (DVM) degree or equivalent;
- A strong interest in Veterinary Ophthalmology
- Have a minimum of two years of experience in general practice or completion of a rotating internship at a multi-disciplinary hospital.
- While a postgraduate qualification in ophthalmology would be advantageous, it is not mandatory
- Knowledge of French language at a B2 level
- Basic knowledge in English and/or Dutch
- Excellent communication skills and ability to interact with faculty and students in a collegial manner

Belgium, and Liège in particular, is known for its great hospitality and quality of life. Living in Liège offers great opportunities for people loving outdoor activities as the Faculty of Veterinary Medicine of the University of Liège is located outside of the city center on a hilly slope, which represents the start of the beautiful Ardennes. The close access to Brussels airport allows easy traveling around Europe.

The application for this position should include 1) a letter of intent 2) curriculum vitae 3) one or two referees.

Interested candidates are invited to send their CV and letter of intent to Annick.Hamaide@uliege.be. Deadline for application is 1st of March 2024.
