

**Veterinarian (m/f/d) specialising in ophthalmology, 20–60% role in 8105 Watt/Regensdorf (CH)**

Make a difference – for animals and their owners!

Bessy's Small Animal Clinic in Watt-Regensdorf near Zurich is a place where professional expertise, innovation and compassion come together. With around 80 dedicated staff and specialists across nine disciplines, state-of-the-art facilities and a deep passion for veterinary medicine, we are committed to the well-being of our patients every day.

Do you love supporting patients every day with your skills and empathy? Are you ready to take on responsibility and seize the opportunity for personal development? Then you've come to the right place!

We are looking for a dedicated and empathetic **Veterinarian (m/f/d) specialising in ophthalmology**.

**Your responsibilities:**

- Conducting specialised diagnostics, treatment and care for ophthalmological cases in small animals, including medical, surgical and emergency interventions
- Performing advanced eye surgery (e.g. cataract surgery, corneal transplants, eyelid reconstructions, glaucoma treatments)
- Conducting comprehensive ophthalmological consultations, second opinions and managing referral cases
- Ensuring the highest standards of patient care, safety and pain management
- Guiding, training and supporting veterinary assistants, interns and general practitioners in the management of ophthalmological cases

**Your profile:**

- A completed degree in veterinary medicine with a qualification recognised in Switzerland, as well as Diplomate status (ECVO or ACVO)
- Professional experience in ophthalmology, including surgical procedures
- Excellent communication skills when dealing with colleagues, pet owners and referring vets
- Commitment to continuous professional development and evidence-based medicine
- Flexibility, willingness to be on call (if required) and a proactive approach
- Good language skills in German and/or English

**What we offer:**

- State-of-the-art facilities with advanced ophthalmological and diagnostic equipment
- A supportive, collaborative and innovative working environment
- A large, diverse caseload (small animals and exotic species)
- Close collaboration with an experienced ophthalmologist, combined with active professional exchange and mutual support with colleagues from 8 specialist fields
- Opportunities for further training within the IVCE Group
- Attractive salary and additional benefits

This site is part of IVC Evidensia, the largest veterinary group in Europe. Our staff benefit from numerous opportunities for personal and professional development. Together, we want to shape the future of veterinary medicine.

**Have we sparked your interest?**

If so, we look forward to receiving your application and perhaps welcoming you in person very soon.
